### +++IMPORTANT NOTICE+++

The line of the footpath(s) on the maps & directions in the text are intended only as an indication of the route. They should not be taken as showing the exact position of the legal right of way of the Path on the Local Authority Definitive Map. Features (stiles, footbridges, etc) may have been moved off the exact definitive path location by the landowner (farmer, occupier, etc) for operational efficiency, to avoid natural hazards eg land erosion or simply for user convenience. Relocation by owners can be deemed as implicit permission to deviate from the definitive path without trespassing but this does not establish a change to a legal right of way.

An alternative is to take the track shown on map as "Altern Route, etc". Go up track to stile 3-18-FP15.S7 then ladder stile 3-18-FP15.S8. From ladder stile follow dotted line to FP21.S3 -see map NB The track is not a definitive path so is not a public right of way</p>  |
