**+++IMPORTANT NOTICE+++**

The line of the footpath(s) on the maps & directions in the text are intended only as an indication of the route. They should not be taken as showing the exact position of the legal right of way of the Path on the Local Authority Definitive Map. Features (stiles, footbridges, etc) may have been moved off the exact definitive path location by the landowner (farmer, occupier, etc) for operational efficiency, to avoid natural hazards eg land erosion or simply for user convenience. Relocation by owners can be deemed as implicit permission to deviate from the definitive path without trespassing but this does not establish a change to a legal right of way.

08.S3	<p>Stile Cross Step</p> <p>SD 7920 4480</p>	<p>From stile FP08.S3 the definitive path takes a line across the corner of the field to halfway along the fence on right hand side of field. This line is however blocked by the fence (see map) & an exit is provided from the next field in the bottom right hand corner. For ease & to keep as close as possible to the definitive route do NOT cross Stile FP08.S3 but skirt round the corner of the fence to the right. Continue down right hand side of fence to original concrete bridge across ditch (see FP08.FB4 below).</p> <p>Stile FP08.S3</p>
